

Anti-Slavery Policy

Our business, Water Technology Engineering Limited is committed to combatting slavery and human trafficking in its business and supply chains, and we make this statement to assist with compliance with the Modern Slavery Act 2015. This statement relates to the financial year ending after 31st March 2016.

As our business has a turnover of less than £36 million, we do not have a legal obligation to produce a modern slavery statement. However:

- a. We agree that exploitation within all supply chains ending in the UK is a blight on our society, and we are committed to playing our part in eliminating exploitation.
- b. We understand that customers with obligations under the Modern Slavery Act 2015 cannot comply with those duties without our cooperation.

To that end, we confirm that we have examined our own business and, to the extent that it is reasonably practicable, businesses within our supply chain and we confirm the following:

- a. We confirm that within our own business, no relevant offence relating to slavery or human trafficking has been committed.
- b. We have made enquiries of businesses that supply directly to us and we are confident that no relevant offence is committed in that business.
- c. Insofar as it was reasonably practicable, we have examined our supply chains and confirm that we found no evidence of slavery or human trafficking.
- d.

Further details about our business and supply chain are provided below.

Our business Water Technology is a manufacturer of Sewage Treatment Plants, Septic Tanks, Pumping Station and many off main drainage solutions.

Our business structure is as follows:

- Employees within the business 10.
- Water Technology is registered at Blackberry Farm York YO42 5PU and trades at Bolton Lane Unit 2 York YO41 5AX.
- The structure is a Company Director, Sales Director, Office Manager, 7 Factory Operatives, Transport is done externally.

We operate in the following countries:

- United Kingdom

We understand that certain industry sectors and geographical regions entail greater risk of exploitation than others. We do not believe that our supply chain is in one of those sectors

All suppliers provide their anti-slavery policy and we monitor this within our audits.

Where it is reasonably practicable, we ensure that businesses in our supply chain have made a similar statement relating to slavery and human trafficking.

The person in our business responsible for assessing matters relating to slavery and human trafficking is James Webb

We also encourage all employees to report on any matters relating to slavery or human trafficking in our supply chains of which they become aware.
