

## ESG POLICY

### **Our business statement**

Water Technology Engineering Limited recognises that it has a responsibility to the environment beyond legal and regulatory requirements.

We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points.

### **Responsibility**

James Webb Company Director is responsible for ensuring that the environmental policy is implemented. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

We take steps both internally and externally to show our commitment to reducing our environmental impact. Below is a summary of our actions:

<b>Internally</b>	<b>Actions (with examples below)</b>
<b>Waste management</b>	We will reduce the amount of waste produced and recycle where possible.
<b>Office supplies</b>	We will evaluate the environmental impact of any new products we intend to purchase. All Ink cartridges to be recycled.
<b>Monitoring and improvement</b>	We will continually improve and monitor environmental performance.
<b>Maintenance and office cleaning</b>	The cleaning materials we use will be checked to ensure it's as environmentally friendly as possible.
<b>Energy</b>	Lights and electrical equipment will be switched off when not in use and our heating will be adjusted with energy consumption in mind.
<b>Our people</b>	We will increase employee awareness through training.  We will involve staff in the implementation of this policy, for greater commitment and improved performance.  Our staff are encouraged to share vehicles, cycle to work.
<b>Water</b>	We will avoid water wastage wherever possible.
<b>Chemicals and hazardous substances</b>	Wherever possible we will substitute substances that are harmful to the environment with those that have less of an impact. Our QUANTUM and VORTEX Sewage Treatment Plant range are 100% recyclable at end of life.
<b>Legal duties</b>	We will keep up to change with changes in environmental law and ensure we are fully compliant with our duties.
