Wedding Transport Plan:

Before the big day arrives and to make sure everything runs smoothly, we like to arrange what we call the '*Transport Plan*' with you beforehand so that everybody knows who is being collected, and at what time. With so many things to organise, you'd be surprised what details can slip your mind - this way you can relax in the knowledge that everything is taken care of.

An Example of a Wedding Transport Plan May Include...

- Collect the bridesmaids, page boys, bride's mum and take them to the church
- Collect the bride and her escort and drive them to the church
- Wait with the car while the service takes place
- Help the photographer capture the right shots with the car
- Open the celebratory drink for the first toast for the Bride and Groom
- Drive the bride and groom (*first journey of married life*) to a local beauty spot for more photos
- Take the bride and groom on to their reception

Every wedding is different of course, but that might give you some idea of how you would like your day to go. If it all seems very stressful, don't be afraid to ask for our help and advice when it comes to arranging the wedding transportation - after all, that's what we do.
