

# Gel Fuel Information

## Sterno Chafing Gel

Used mainly for the restaurant industry as a means of keeping food warm after serving - ie fondue and hot plates.

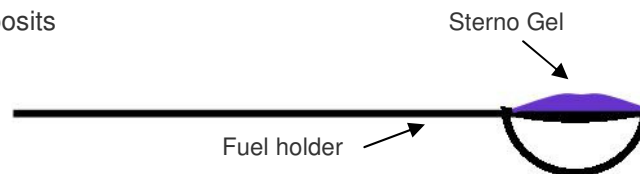

**Ideal for use with your pop pop boat.**

### The First GRA-Endorsed Gel Chafing Fuel

Sterno is the first chafing fuel to be endorsed by the Green Restaurant Association (GRA) — meeting the organization's rigorous endorsement standards for promoting a cleaner, safer environment. Features include:

- Made from renewable resources — plant-based bio fuel
- Biodegradable
- Water soluble
- Methanol-free formula
- Clean burning
- Odour free and smoke free
- No soot deposits
- Non spill

Instructions:

- Add a small amount of Sterno Gel to the fuel holder (as above)
- Replace the lid securely back onto the Sterno tin.
- Light the fuel and place under the boiler, same as a candle.
- After 20 seconds, your pop pop boat will steam up and start running.

#### Health & Safety PLEASE READ:

Caution flammable mixture. Keep away from children. Do not use near fire or flame. Contains 3.3% Methyl Alcohol.

**EYE CONTACT:** Eye irritant upon direct contact.

**SKIN CONTACT:** May cause skin irritation upon prolonged contact.
