

Hello Gilly,

Ah that's fantastic news! Thank you ever so much for matching the donations too - that's incredibly generous. £100 will make a massive difference to the communities we work with in rural Sierra Leone. It could, for example, provide 10 undernourished children with the emergency treatment needed to improve their health. It could also provide two community health workers with the training and resources needed to promote nutrition in their communities. So thank you!

We really do appreciate the time and effort you've put in to collect for us Gilly, and we very much look forward to fundraising with you in the future.

Best wishes, and a very Merry Christmas,

Georgia
