KA Eco-Mix
Material Safety Data Sheet

1. Product Identification

Product Name Eco-Mix
Supplier KA Building Products
Units 1-3 Confidence House
Baldhu
Truro
Cornwall
TR3 6EE
Emergency Telephone 01872 879011

2. Composition

An aqueous solution of surfactants and a biocide
Ingredient Name CAS No EINICS Classification Content
200- T
Formaldehyde 50-00-0 001-8 r23/24/25,34.40.43 0-01%
Carc3

3. Hazards

Irritant to eyes and skin

4. First Aid Measures

Inhalation No Effects Likely.
Ingestion Wash out mouth, drink 2 glasses of water or milk and seek medical attention.
Eye Contact Thoroughly irrigate eye with water for 10 minutes and seek medical attention immediately.
Skin Contact Wash of skin with soap and water and seek medical attention if irritation persists.

5. Fire fighting measures

The product is an aqueous solution and will not support combustion

6. Accidental release measures

Absorb spillage with a dry powdered sand or earth and place in a container for disposal.
Wash surface with water to avoid becoming slippery.
Do not allow liquid to enter waterways.

7. Handling and storage

Handling Avoid eye and skin contact. Wear goggles and gloves if necessary
Storage Store in cool place and protect from frost. Avoid excessive heat

8. Exposure controls and Personal protection

Ingredient name CAS No LT exp 8hrs ST exp 15mins
Formaldehyde 50-00-0 2ppm 2ppm

9. Physical and Chemical Properties

Appearance Clear Liquid

Colour Brown

Odour Neutral

Boiling Point 100°C

Density Approx 1

pH Value 7

Solubility Soluble

Viscosity 50-500cps @25°C

10. Stability and Reactivity

Stability Stable

Materials to avoid Strong acids

Conditions to Avoid Avoid heat

11. Toxicological Information

Toxic Dose C 2000mg/kg (oral rat)

Inhalation No hazard when used correctly

Ingestion Hazardous because of alkalinity and toxic dose as above

Skin Irritating to skin

Eye Can cause severe damage to eyes

12. Ecological Information

Will almost completely degrade (EEC 82/243)

13. Disposal Considerations

Dispose in accordance with local authority requirements

14. Transport Information

Not classified as hazardous for transportation

15. Regulatory Information

Risk Phases R38 Irritating to the skin

R41 Risk of serious damage to the eyes

Safety Phases P14 Contains formaldehyde. May produce an allergic reaction

S26 In case of eye contact, rinse immediately with plenty of water and seek medical advice

S36/37/38 Wear suitable protective clothing, gloves and eye/face protection

16. Other Information

About this information

Whilst every care has been taken to ensure that this product can be used for the purpose for which it is intended.

Kenyon Agencies Ltd have no control over the way that the product is used, the workmanship or application of the products. The information given here has been compiled on the basis of available knowledge in accordance with the requirements of the Chemical Hazards Information and Packaging Regulation 1997.

This does not imply that the information is complete or accurate in all cases and no guarantee can be given that is complete and accurate. It is the user's responsibility to take adequate measures to satisfy themselves as to the application and suitability of the information and/or recommendations given for their own use.

Depending on the nature and condition of the applicable surface, it is recommended that users ascertain suitability of product for own use by carrying out sample tests to surfaces as and when necessary.

It is recommended that qualified operatives should be employed.
