

Free book mark project

You will need:-

Piece of felt 7cm square

Embroidery thread (I used 3 strands of stranded cotton)

Seed beads (about 50)

Needle

Scissors

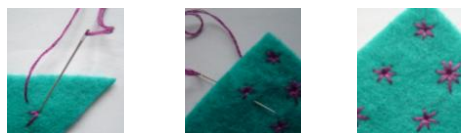

1) Cut the felt in half across the corners to make two triangles (you can use two different colours if you like as I have)

2) Sew on a design. I have worked lazy daisy stitch on one side,

...and eyelets on the other:

3) Put the two pieces of felt together. You can hold the two pieces in place with a pin.

4) Work a buttonhole stitch around the 2 shortest sides adding a bead onto the needle for each stitch:

5) Place in your book!
