## Toadstool Trio

---

Print off this page and trace your chosen design below onto your fabric (trace the trio or make up your own display of toadstools!). Go over the design with a black pen first if you can't see it clearly through the fabric. Frame the fabric into your embroidery hoop.

### Outline designs for transfer

Visit the 'how to' video section of the website here to see lots of stitches you could use!

<http://www.sarahomfray.com/howto.html>

Sarah is happy for you to use this design for your own personal use but not for any commercial use please (e.g. selling it on, selling the finished embroidery).
