## Floral Spray

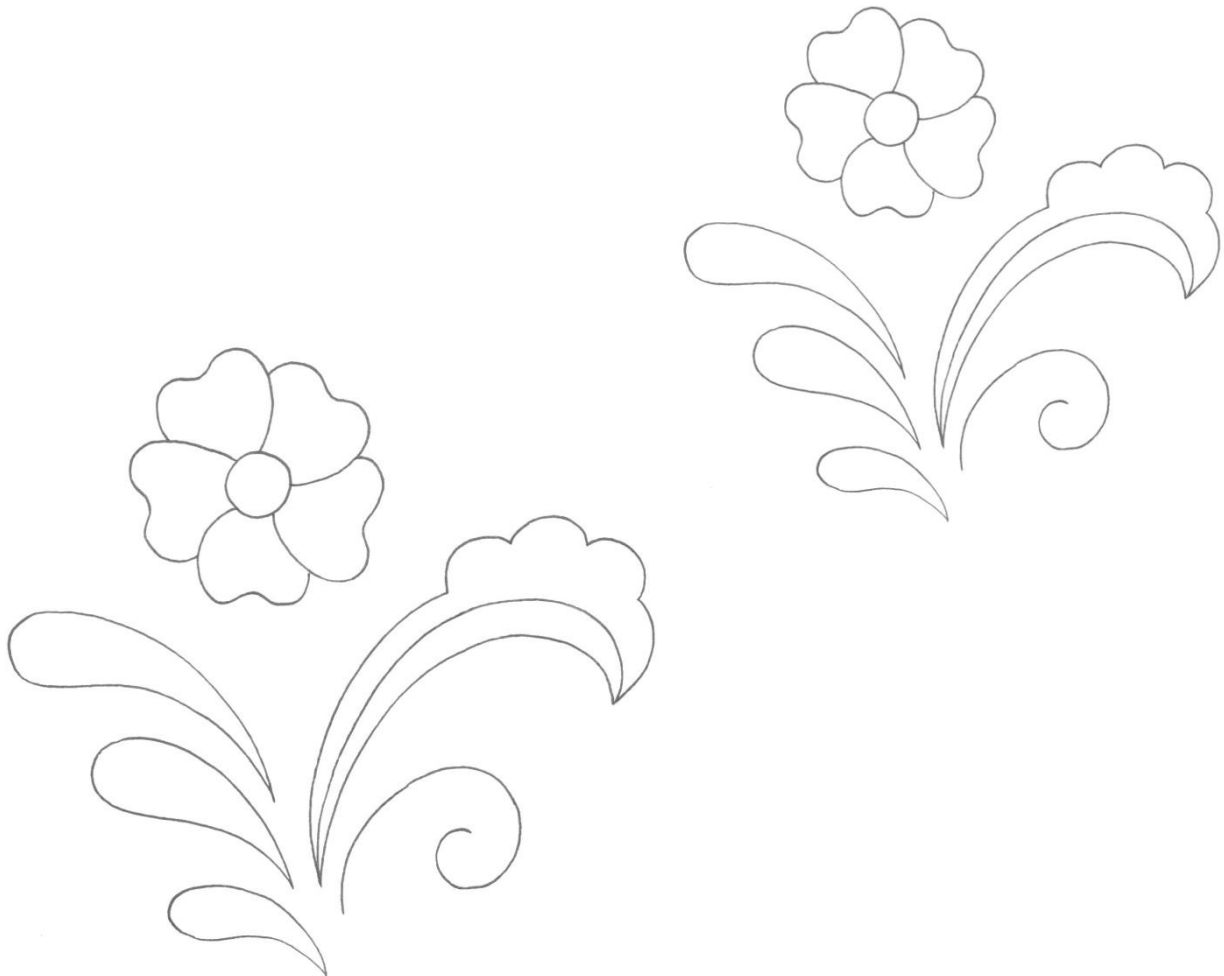

---

### Suggested materials and equipment:

Embroidery linen  
Calico backing fabric  
Wool or cotton embroidery threads  
Embroidery needles  
A pair of embroidery scissors  
Ring frame to fit fabric

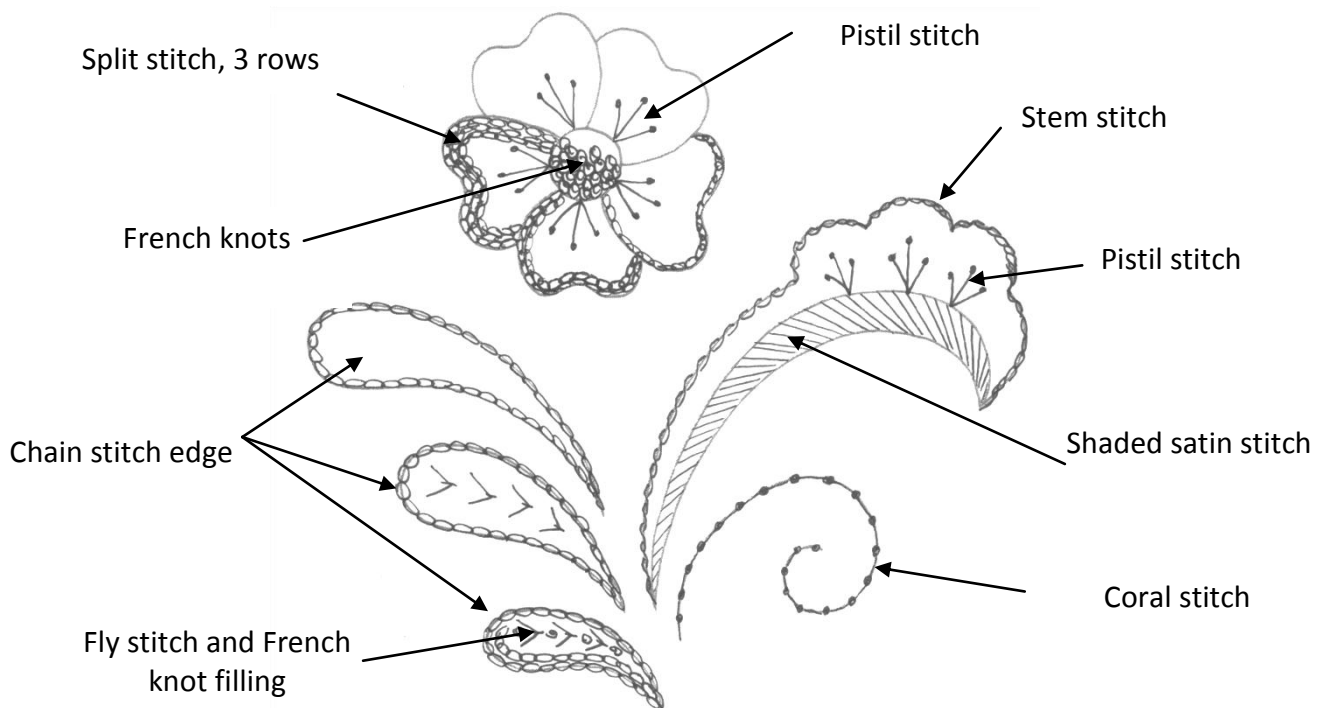

Print off this page and trace your chosen design from below onto your fabric (go over the design with a black pen first if you can't see it clearly through the fabric). Frame the fabric into your embroidery hoop ready for stitching

## Suggested stitch plan

You can use any stitches you like to complete the design but here are some suggestions!

There are video tutorials for all of these stitches! Visit the 'how to' video section of the website here:

Sarah is happy for you to use this design for your own personal use but not for any commercial use please (e.g. selling it on, selling the finished embroidery).
