'Let's go fly a kite!' Lettering

Print off this page and trace or prick and pounce the letters of your choosing onto your fabric. Go over the design with a black pen first if you can't see it clearly through the fabric. Frame the fabric into your embroidery hoop.

Use in conjunction with the 'Let's go fly a kite!' embroidery design!

Note: I used the smallest design on the left in the video

Letters for transfer

Visit the 'how to' video section of the website here to see this project being stitched in goldwork:

<http://www.sarahomfray.com/howto.html>

Sarah is happy for you to use this design for your own personal use but not for any commercial use please (e.g. selling it on, selling the finished embroidery).
