5 Jacobean Crewelwork designs

Print off this page and trace your chosen design(s) from below onto your fabric with a waterproof or erasable transfer pen or you can use the prick and pounce method, iron transfer pen, tissue paper tacking method or carbon transfer paper (see my video on ways to transfer a design on my YouTube channel Sarah Homfray Embroidery). Go over the designs on this page with a black pen first if you can't see them clearly through the fabric. Frame the fabric into an embroidery hoop.

Outline designs for transfer (larger designs on last page)

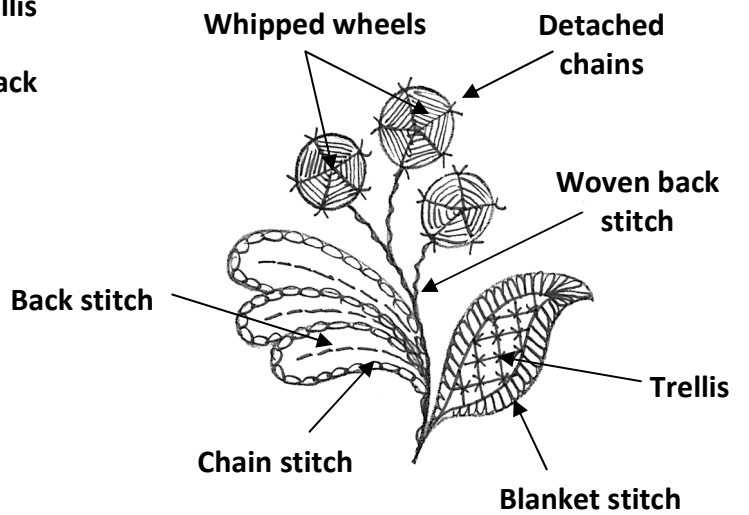

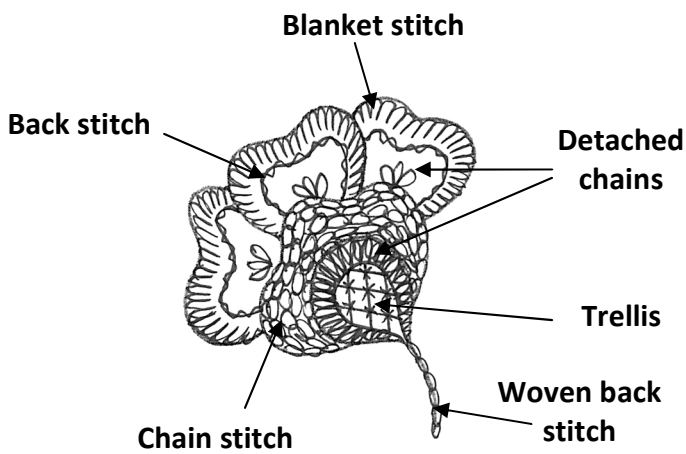

I've marked the spokes only for the whipped wheels, the stitch will make the circle shape!
