Prestigious Fires

Prestigious Fires has just introduced its stunning Bahama outdoor gas fire table. Designed and built in the UK, this gas fire table is a stunning focal point for any garden. Made from stainless steel and granite the table is designed to be left outside all year round. The Bahama table is available with an optional storage drawer and built in LED down lights. In addition to the standard fire tables, Prestigious Fires offer a unique outdoor gas fire/table design service for clients requiring a more bespoke service.
