

## COVID 19 UPDATE – 30<sup>th</sup> March 2020

Following the latest Government announcement. We would like to reassure our customers that we are still **open for business** and are able to continue to service our customers requirements.

We have taken steps to minimise the potential risks for both employees and customers. We have scaled down our operation with some staff working from home (but still contactable by phone and email) and we are able to deliver steel on a non contact basis by implementing a process where we can email delivery notes to avoid any transactional contact. Please speak to our sales team for more information on this method.

We are aware that many of you are key suppliers to the food and hospital industry and therefore we remain open to support these industries.

If we can help with anything at all please ring 01457 836907 or email [sales@tamevalleysteelstock.co.uk](mailto:sales@tamevalleysteelstock.co.uk).

Thank you for your continued support.
