Tameside Trading Standards Buy With Confidence Scheme

We are pleased to announce that we are now an approved member of the Tameside Trading Standards Buy With Confidence Scheme. This scheme was introduced by Tameside MBC to establish high standards of trading by businesses. The scheme is intended to demonstrate a commitment by the business to fair and honest trade and providing a quality service to its customer. More information can be found on our website www.tamevalleysteelstock.co.uk or www.buywithconfidence.gov.uk

Steel Prices

There are a few shortages about at the moment particularly on some Zintec items, however we do try to ensure that all our normal items are in stock at all times. If you are concerned about anything please give us a ring.

Prices in general remain relatively stable, however the pick up in global demand is keeping raw material prices elevated, meaning that prices are expected to increase slightly towards the end of the year.

Titanic Memorial

The Bandmaster for the Titanic, Wallace Hartley was born in Colne. It is reported that Wallace and the band played as the Titanic sank in 1912. To commemorate the Titanic and Wallace Hartley, Colne in Bloom has commissioned one of our customers in Colne to make a steel model of the Titanic to be placed in the raised flower bed next to the statue of Wallace Hartley. Our customer has kindly and generously made the structure free of charge and Tame Valley Steelstock was happy to assist by also donating their requirements for the model.
