

NEWSLETTER JUNE 2011

Dear Customer,

1ST YEAR MILESTONE!

The month of April marked our 1st year anniversary. As always we would like to thank you for your continued support. We have now managed to establish ourselves in the industry as a reliable and reputable Steel Stockholder that offers good quality steel combined with excellent customer service. The feedback from customers and suppliers alike has been extremely positive, so thank you very much!

STEEL PRICES

As you are all aware the price of steel has significantly increased since the start of 2011. At the moment prices seem to have settled down and over the coming summer months we are not anticipating any further significant increases. It is a bit early to project the market for the latter part of the year, but of course we will continue to keep you informed. If you require any specific information regarding prices etc... please do not hesitate to contact us.

We were recognised for our sales growth and highly commended for our commitment to customer service.

We all had a great evening and have put some pictures on our website of the event. Working in the steel industry it is not often we get the chance to dress up, so if you want to have a look on our website check out:
