To allow HAYMAC carry out the installation works in your garden we need to access the installation site by carrying materials through your house or garage or your neighbour's house or garage, this form also applies to access routes where HAYMAC must cross neighbouring properties, for example terraced properties that share a common access route.

This signed damage liability waiver & permission form permits the staff of HAYMAC to access the work site and deliver materials and plant necessary for the installation through your house or garage or your neighbour's house or garage or along a shared access route without HAYMAC being held responsible for any damage to the property or furnishings or financial loss associated with any damage to the property or furnishings that using this access route may cause.

- Through the house or garage-** it is your responsibility to provide and install any protective floor coverings required.
- Through the house or garage-** please move any items of furniture and possessions that may be in the way of ensuring a clear access route through your house or garage.
- Through the house or garage-** please ensure your dog, or dogs, are kept away from our staff during the time we are at your property to ensure the safety of our staff. We may need to leave both front and back doors open to aid with the materials being delivered to the worksite and cannot be responsible for your dog's safety.
- Shared access route-** please remove all standing items along the shared access route to provide a clear and unrestricted access route (remove bins, etc), please ensure your dog or your neighbour's dog, or dogs, are kept away from our staff during the time we are at your property to ensure the safety of our staff. We may need to leave gates open to aid with the materials being delivered to the worksite and cannot be responsible for your or your neighbour's dog's safety.

Signed in agreement to this damage liability waiver & permission form.
