

THE LANCASHIRE HEELER CLUB
19 CLASS OPEN BREED SHOW
17TH FEBRUARY 2013

A lovely invitation to judge this very well organised club show with a very helpful steward in Kevin Royal, and such a pleasant crowd with lots of applause for each class. I was pleased with my entry and the quality that was within the breed shown under myself, my main winners coming from the Veteran and Open classes. Movement was very good with only one or two needing more muscle tone to strengthen them behind, weight appeared to be a slight problem with some being too thin and others on the top end of the scale spoiling their back and outlines. All were in lovely clean condition.

PUPPY DOG NO ENTRIES

JUNIOR DOG 1 ENTRY

- 1) MIDDLETON & ROBERTS' WELSHMOOR BAT OUT OF HELL AT TALGUSKY 16 month's old smart smaller type, well constructed youngster was still acting the teenager very excitable but really enjoying his day out. Masculine well shaped head of good proportion and planes, alert erect ears, dark expressive eyes, well bodied with depth and good angles and ribbed well back, elbows held in on his short well boned legs and feet. In good coat condition and colour rich tan with feet markings. Nice curve to tail could hold little better on the move which was sound once he settled.

GRADUATE DOG 2 ENTRIES

- 1) McMULLENS' WELSHMOOR HELL RAISER beautifully schooled to show off his lovely outline and correct balance this 16 months slightly smaller youngster who is the litter brother to the last class winner. Good flat skull and foreface well proportioned and tapering, erect ears and expressive dark eyes. Good angles both ends, firm level back line to happy tail well set on and carried, very well constructed body with ribs well back with good depth and muscle tone, super shine to coal black coat with rich tan. Could imagine him doing a days work, well boned short legs with well padded placed feet. Free and sound mover one to watch as he matures.
- 2) ERIC OF MORECOMBE slightly taller and not quite the compact balance of 1. Masculine head of good type nice eye shape and expression and well used erect ears. Level topline into correct set tail with curve to curl over a body needing more weight and substance, ribs well back Lacking in depth exposed his elbows, not the bone in his legs but neat well padded feet, moved out well just a little excited and unsteady.

POST GRADUATE DOG 2 ENTRIES

- 1) BANCROFTS' HOTPOT BOYCIE BY CHEINBAN lovely balance and outline to this well muscled masculine male slightly smaller type than 2. Lovely breed head with dark expressive well shaped eyes and erect alert ears, slight dentition fault. Good neck to shoulder and firm backline to tail just little too curled but carried well. Good angles both ends, depth of chest and body with ribbing extending well back, nicely presented and conditioned black jacket with rich tan creeping slightly up outside of hindquarters. Elbows held well in on straight well boned legs with firm feet. Moved out soundly with brisk action could do a good days work.
- 2) Eric of Morecombe

LIMIT DOG 6 ENTRIES 1 ABS

- 1) GREENS' DODDSLIN MR SAM I preferred the outline, overall balance depth, width of chest and elbows held well in on this male. Well proportioned and shaped head with lovely intelligent look to dark eyes and well used erect ears. Firm held and carried back, tail little too curled not carried correctly. Body well ribbed back with substance and depth covered with well conditioned black jacket with rich tan in all correct places. Well angulated front and rear well muscled hindquarters, enough bone to legs well positioned and padded feet with nice thumb spot. Stylish sound brisk moving dog.
- 2) JONES' FOXTHYME MAORI a pleasing and balanced dog with good outline and nice to go over. Stronger in skull losing the balance to taper into foreface. Lovely eye shape and colour and well used ears. Super neck to well laid shoulder into firm back line and curved tail well set on and happily carried. Very good front and hind angles, little too much width of chest making his elbows stand slightly away, just enough depth well ribbed body. Super coat and condition with muscle tone. Very sound happy mover with nice stride.
- 3) JONES' HOTPOT ARCHIE AT JNANAS (TAF)

OPEN DOG 5 ENTRIES 2 ABS all nice animals but a difficult class

- 1) SIMPSONS' CH SIMONVILLE HURLEY ShCM I liked this masculine well put together and presented male of a nice type, but today I could not get his topline right and he just did not show himself well. Masculine well proportioned head, used ears, expressive dark eyes well shaped. Strongly muscled medium neck in well laid shoulder. Well set on tail carried in correct curve. Deep chest with body depth, ribs well sprung and carried back, correct front angulation and muscular well turned hindquarters. Straight well boned short legs good shape to feet and thumb print. Sound free moving dog just lacking enthusiasm today.
- 2) ALLISONS' SIMONVILLE BUCCANEER Nice type to this coal black and tan male in lovely muscle tone and body condition. Masculine head fraction unbalanced, lovely eye shape and colour good ear set. Well carried head on strong muscular neck clean shoulders and firm back line to tail set on and carried well. Good depth of body with substance, ribs well sprung and back another dog who was not showing his full potential, I think his handler needs to concentrate on him more to get the best out of him. Good front and rear

angles. Nice boned short legs and feet, moved well and free just little too wide behind. Inclined to drop topline on stance.

3) BANCROFTS' CH DODDSLIN BISCUIITS BY CHEINBAN ShCM

VETERAN DOG 6 ENTRIES 2 ABS Fabulous class splitting hairs on decision.

- 1) BANCROFTS' CH DODDSLIN DUFFY ShCM at nearly 8 years this is a very nice workmanlike dog to go over. Winning this class today on his very sound brisk and happy movement. Lovely compact outline on the stance and the move, masculine well balanced head super expressive dark eyes, well used ears making his expression. Strong moderated neck, clean and well laid into his shoulders into firm level backline high set on and carried curved tail. Well angulated forequarters, would like little more depth of chest, good body substance and depth with well sprung back ribs. Super black and tan jacket in excellent presentation. Straight well boned legs, pasterns and neat padded feet, strong well muscled hindquarters with well turned stifles and short hocks. Stylish mover smart sound action working well with his handler. Best Dog Res BIS and BOS
- 2) CARTLEDGES' CH FOXTIME OLIVER CROMWELL ShCM I thought this just 9 year old dog stunning and an easy winner standing he presented a lovely picture with good overall outline of excellent height to length but on occasions I could not get his front right, although on the move he had a brisk action and was fairly good coming his front was loose, sound behind with excellent side stride.. Masculine throughout with super head shape, correct planes, lovely eyes and expression and good use of erect ears. Well muscled neck shoulders and firm level strong back to well set on and carried scimitar tail. Good depth of chest and body with ribs well sprung and back elbows close in, lovely well presented L/T jacket correctly marked. Well muscled good bend of stifle, boned legs and feet. Res BD Best L/T. Congrats on BOB at Crufts.
- 3) NORMANS' CH NORMANSVILLE LONE STAR

PUPPY BITCH 2 ENTRIES

- 1) RANKINS' SWANNDAL FAMILY TREASURE beautiful 7 months' baby of lovely breed type and with good overall balance. Sweet head and kind alert expression from dark almond shaped eyes good use of ears. Lovely neck shoulders and level firm top line to a scimitar tail well set on and happily carried. Presented in shining black coat with nice tan in correct areas, nice thumb print on well boned legs and well shaped feet. Good depth of chest and nicely angulated front, well muscled for one so young with good turn of stifle. Enough body substance and depth with ribs well sprung and back. Enjoying her day she moved very smartly and was sound, her handler just needs Treasure to concentrate on the matter of showing. BPB BPiS one for the future
- 2) TAYLORS'TAPATINA ISLA just 11 months presented in excellent L/T coat of good texture. Another of excellent breed type and of nice overall balance. Pretty feminine head well shaped skull with nice taper. Lovely blending eye colour and shape but expression spoilt by lack of using her ears. Moderate neck to shoulder top line little slack both on the stance and the move. Enough

fore chest and angulation just enough body depth but would have like more spring of rib further back and substance for her age. Good bone to legs and feet, bend of stifle neat hocks handler just needs to move her at a brisker pace to get the action RBPiS.

JUNIOR BITCH 1 ENTRY

- 1) BARTLETTS' SWANNDALE SCRUMPY attractive B/T with a lovely feminine correctly shaped head she has a cute expression from lovely clear dark eyes and her 1 up 1 down ear positioning. Great outline and balance firm back, tail little short and curled, lovely substance depth and spring of rib, super depth of chest and lovely angles front and rear. Well presented and conditioned B/T coat with a slightly softer texture. Lovely sound free brisk mover of f of well boned legs and well positioned feet.

GRADUATE BITCH 4 ENTRIES

- 1) REIDS' SWANNDALE STARMAKER lovely bitch on the stance with nice overall balance. Sweet head just a little disappointing has a good flat skull with width but little too fine in foreface, dark expressive eyes and good use of erect ears. Strong neck to firm back line to tail set and held correctly. Nice spring of rib well bodied with depth with good body weight, lovely textured B/T coat with nice shine, tan starting to creep up outside of hindquarters. Correctly angulated front and rear with enough muscle tone, ample bone to straight legs and small feet, neat hocks, once settled was the sounded and best class mover.
- 2) RANKINS' JNANAS AURDDOLEN BACH very feminine correctly balanced B/T bitch presented in great coat condition, excellent breed type, lovely head shape, well formed dark eyes with kind expression. Correctly angulated shoulder and upper arm elbows close in to deep chest and body with well sprung ribs carried well back. Straight well boned short legs and compact feet moved out soundly but not as brisk as my winner, I made a judges book comment 'could have won this class' I can't for the life of me remember why she did not!!
- 3) DUXBURY'S TAPATINA DELYTH

POST GRADUATE 4 ENTRIES 1 ABS

- 1) CARTLEDGES' FOXTHYME FOR YOUR EYES ONLY impressive on the stance and quite the character with a full on attitude. Sweet head good skull width, planes, taper and carriage, lovely shape to dark sparkling eyes, correct ear position, moderate neck of strength firm back line and well set on scimitar tail over a body well ribbed back and sprung. Nice angles front and rear, good depth from chest to body, super Blk coat with rich tan correctly marked conditioned and well presented. Very sound and positive brisk action from well bone short legs and positioned firm feet.
- 2) BANCROFTS' LEYESIDE MISS TIQUE BY CHEINBAN another sweet bitch with feminine head of correct proportions, strong jaw one dropped tooth. Moderate strong neck clean well laid shoulders firm level top line to well set on curved tail. Good depth to well angulated front into deep compact body with ribs well sprung and ribbed back. Very well conditioned coat with rich tan lacking the thumb mark and feet markings. Strong short well boned legs

and small firm well positioned feet, very free brisk mover worked well with her handler.

3) DUXBURYS' TATATINA DELYTH

LIMIT BITCH 4 ENTRIES 1 ABS

- 1) LORDS' FOXTHYME TE ANUA very pleasing and of good compact size and shape with feminine head well constructed lovely almond shaped with dark kind eyes, ears with an alert lift and tipped over giving sweet expression. Strong moderate neck carrying head well, firm level back line, correct high set on tail carried well. Lovely body substance and depth with ribs well sprung back. Correct forequarters angles and nice return of stifle and short well developed hocks. A super B/T with an excellent coat type and condition. Short well developed legs and padded firm feet a free brisk mover and very sound.
- 2) OWENS' RUSSIATREE CAN BE GOOD JW at nearly 7 years old this is quite an eye catching bitch from the ring side and I thought her outline was just lovely. I was a little disappointed in getting my hands on her to find a coat was a little harsh and more open and that although well bodied with good ribs well sprung did not have the extension back making her little long cast. Feminine well developed head nice eye shape and colour, good topline to tail well positioned and carried correctly, nice depth of chest well angled, to bend and strength of stifle nice boned legs and tight feet, very positive mover with good side action.
- 3) SIMPSONS' TATATINA HOLLY BERRY BY SIMONSVILLE

OPEN BITCH 4 ENTRIES 1 ABS

- 1) JONES' CH DODDSLIN DAFODIL AT WELSHMOOR quality breed type is this most charming and stunning 4 years old. Although I did not recognise her on the day Daffodil I judged when just a baby and thought she showed so much potential then, today she proved me right Very pretty, perfect shaped breed head with lovely planes, great eye shape and colour with such sweet expression all her attention paid to her handler. Great use of erect ears, strong moderate neck holding head well, clean laid back shoulders into a firm level backline to a correctly set on and held scimitar tail, over a compact body with good angles front and rear, correct depth of chest and brisket with elbows held well in, lovely compact body with substance, sprung ribs well back into short couplings, presented in sparkling condition her B/rich tan coat. Good muscle tone to rear quarters short hocks, well boned short legs and neat padded feet. Stylish and briskly moved, very sound coming and going with great side gait. Having to pull out all the stops against the RBB I was delighted to award her **BB and BIS**
- 2) SIMPSONS' CH SIMONSVILLE ANYA MAY slightly different type to this B/T bitch one you have to put your hands on to appreciate, quality head being much darker with limited tan, correct planes and dark expressive eyes, would help her expression if she used her ears more, strong moderate neck, firm level topline and nice set on a carried curved tail. Longer in back than 1 but with well sprung ribs extending well back. Good depth of chest and body well

angulated forequarters and hindquarters, short well boned legs and feet.
Although sound both ends did not have that stylish brisk action of 1.

3) DUXBURY'S TAPATINA DELYTH

VETERAN BITCH 9 ENTRIES 3 ABS lovely class to judge

1) LORDS' CH FOXTHYME ELIZA headed a lovely class of older ladies. This is a quality, beautiful 8 years old bitch very eye catching across the ring. Balanced with a compact body, super outline both on the stance and the move. Lovely head piece good planes, super expressive dark eyes lovely use of erect ears giving over a lovely expression when her sole attention is paid to her handler. Lovely strength to moderate neck well laid shoulder firm backline just dipping slightly on occasions well set on curved tail correctly carried and happy. Substance and depth to well sprung ribs extending back into short loin Well angled with good depth of fore chest and excellent return of stifle well muscled for her age. Super B/Tan coat in excellent condition and presentation. Strong short well boned legs and small firm padded feet. Moved with style, soundness and a good brisk action. RBB

2) OWENS' DODDSLINECOULD BE GOOD FOR RUSSIATREE a very nice type just longer cast and not having quite the balance of my winner but at 10.5 years old she was in amazing fitness and presented in lovely coat and condition. Pretty head still retaining strength of skull with good taper to strong jaw line, eyes dark and clear and ears held erect. Firm back to correctly set on and carried scimitar tail. Well bodied with depth and ribs well sprung, not the angulations to her front or rear of 1 but with muscle tone. Moved out well and soundly enjoying her day.
