

Synergy Homeopathic

Powerful, Intuitive and Visionary Homeopathic Software

Leading the Way

Synergy Homeopathic is an innovative, international company comprised of a core group of renowned homeopaths passionate about the discipline of homeopathy and the community it serves.

We are dedicated to empowering practitioners, teachers and students alike through the development of reliable, comprehensive homeopathic software and teaching tools.

Since 1986, MacRepertory and ReferenceWorks have advanced homeopathic theory and practice across the world both directly and through the support of visionary homeopaths as they delve into new territories.

MacRepertory is our repertorization tool. It makes it easy to analyze each case, select rubrics and check the materia medica, providing the practitioner with confidence about their prescription.

Referenceworks is a rich and revolutionary search and analysis system utilizing a vast library of more than 850 volumes of materia medica, provings, journals and more. ReferenceWorks allows you to view a case from a different perspective and create super rubrics, straight from the original materia medica and provings.

At their root, MacRepertory and ReferenceWorks were created out of a vision. And as always, the vision, innovation and drive to advance homeopathy is still at the heart of what we do.

Tools of The Trade: Advanced Homeopathic Software

Designed by and for homeopaths, MacRepertory and ReferenceWorks are indispensable tools for all homeopathic students and practitioners. Powerful and intuitive, these programs include everything you need to analyze and prescribe effectively, taking your practice to the next level.

Find the Right Edition for You

MacRepertory and ReferenceWorks are packaged with their respective homeopathic libraries into four key Editions. Whatever your budget and wherever you are in your homeopathic development, we have the perfect solution.

Academy Edition

The Academy Edition is ideal for students or those who are new to homeopathy. Our competitively priced Academy Edition has all the essential tools you need to get started. This Edition will support your studies with vital resources based on highly regarded homeopathic courses from around the world. Combining entry level functionality with all the essential references, you will learn to repertorize and study the materia medica with ease.

Foundation Edition

The Foundation Edition comes equipped with all the basic repertorization and research tools needed to practice homeopathy with confidence. It's the perfect Edition for students and those in the early stages of their career. With a larger library at your fingertips, the Foundation Edition will help you fine-tune your understanding and application of the principles and practice of homeopathy.

Professional Edition

This more advanced Edition comes with over 900 volumes of materia medica and repertories. Our Professional Edition harnesses both the classical and modern approach. It is ideal for those practitioners looking to develop their skills and become more confident with modern methodologies. Advanced family analysis features combined with an infinite number of analysis strategies provide all the resources needed to analyze and resolve more complex cases.

Visionary Edition

Our Visionary Edition features everything we have to offer and is ideal for the contemporary practitioner who wants a greater degree of versatility, while aspiring to examine cases from a variety of perspectives. Enjoy researching and analyzing cases while referencing both the classical and modern masters. As you delve more deeply into over 950 references, our Visionary Edition will inspire you to become the best, most effective homeopath you can be.

We also have tailor-made Editions for the Veterinary Homeopath and the Naturopath.

For more information about MacRepertory, ReferenceWorks and the Editions visit www.synergyhomeopathic.com or contact your local sales representative.

Understanding MacRepertory

Analyze cases more dynamically and feel more confident about your prescriptions with MacRepertory.

Our repertorization tool makes it easy to quickly locate and select rubrics, analyze cases and check the materia medica.

Synergy recognizes that homeopathy is not formulaic so these programs are designed to be flexible. MacRepertory combines a classical approach to repertorization with many advanced family analysis tools, which can be tailored to your individual approach.

Not only does MacRepertory benefit your prescription process and results, it also serves as a vital resource for learning, research and understanding.

Understanding ReferenceWorks

ReferenceWorks is a rich and revolutionary search and analysis system based on a library of more than 850 volumes of materia medica. It ranges from old, rare books and journals to the latest provings and everything in between.

The beauty of this program is that you can simply search in your patient's own words within the extensive library to instantly discover the most likely remedies for your case.

You can also create super-rubrics and display the results graphically in more than 100 remedy and family graphs.

ReferenceWorks is user friendly in its approach, allowing you to click in and out of hundreds of books and remedy substance descriptions that cover well over 3,000 remedies.

With the 'intelligent' search algorithms and agility of ReferenceWorks at your fingertips, solving the most complex cases couldn't be easier.

Be Inspired

Synergy delights in bringing the community together. The "Be Inspired" section of our website features new books, events and many interesting and inspiring activities that homeopaths are involved with worldwide.

We welcome you to submit your own "inspired" stories, experiences and events.

H.O.P.E - Homeopathy Online Portal for Education

Access hundreds of video lectures by leading experts and explore diverse approaches to homeopathic theory and practice. Designed for both students and practitioners, HOPE gives you access to world-renowned teachers and provides an inspiring and unforgettable learning experience.
