

Chichester Beekeepers
A Division of West Sussex Beekeepers' Association

'Introduction to Beekeeping'

A Six-Week Course
Spring 2024

The Chichester Division of West Sussex Beekeepers and its officers and members shall not be liable for any advice and information given in good faith during this course and for any subsequent action taken by those participating in it. All information given is provided to encourage the craft of beekeeping and for no other reason.

Introduction to Beekeeping

A six-week course of five evening classes, each of two hours duration (7.00pm for 7.15pm-9.15pm) plus three visits to our bees at Aldingbourne. Proposed dates for the three apiary sessions are shown in the programme, but these are conditional on the weather as we will always do the very best for our bees. Alternative dates are shown and these will be used if the weather prevents earlier sessions. A minimum attendance of three Thursday evening sessions and two apiary visits are required for certification.

Detailed course notes will be provided by email prior to each classroom session.

Classroom Venue: Boxgrove Village Hall, The Street, Boxgrove. PO18 0EE

Apiary Location: The Aldingbourne Country Center, Near Fontwell, PO18 0JP

Tutors: Christine Stevens, Norman Dingemans, Mike Wagstaff, Dick Bowyer & Graham Elliott

Benefits included in the cost of the course:

- Full (registered) membership of Chichester Beekeepers for 2024
- Membership of the British Beekeepers' Association & West Sussex BKA
- 12 monthly copies of the BBKA News
- Bee Disease Insurance (BDI) for up to three hives for one year
- 3rd Party Public Liability Insurance Cover for one year (provided by the BBKA)
- Monthly copy of both the Chichester Division and West Sussex BKA newsletters
- Admission to the Wednesday monthly meetings of Chichester Beekeepers
- Admission to Chichester Beekeepers' teaching apiary at the Aldingbourne Centre
- The 'Haynes Bee Manual'

Course fee: £120 (partner £75)
