HOSPITAL GHOST:

11 Lis - ten young man, there's so much to tell.

15 Let me as-sure you that this is-n't hell. But it ain't hea-ven ei - ther. It's some-where in be-tween. But you

19 can't op-er-ate like you did as of late. Look a-round and you'll see what I mean. — Think³ of this — as

22 your tran - si-tion. Ain't nec-ces-sar-i - ly your per-ma-nent con - di-tion. Don't be-lieve it's the

26 road to per - di - tion. Lis - ten here, kid. Could be some - thing you did. But what -

28 e-ver it is there's some-thing you ought-a know. You got-ta let go now, just slow down and let it all slide.

31 — Just go with the flow now, and know how to say, "Hey I tried." There's a tag on your toe now; you're

34 cold now. My man, you died. — So you got-ta let go now — or — you'll be wait-ing.
