Let my pound start you off				
A pound isn't much				
I guess I can spare a pound				
Well, Since it's you				
Pounds will reach the goal				
What's a pound between friends?				
It's for a good cause				
Glad to help, here's five				
I want to help				
I just can't say no				
My good deed for today				
Count on me				
Sure I'll give a pound or two				
If it will help				

A pound from me to you				
Don't leave me out				
Me too				
Here you go, I'll give 20				
Cancer has touched someone I love				
I wish I could give more				
I can spare more than a pound				
Ten pounds isn't too much				
Maybe I can do more next time				
Why not, it may help someone I know				
Five pounds will help you reach your goal				
What are friends for?				
Don't leave without my donation				
Please see me later				
My donation can help people too				

Thank You
