

case study - Nyukani

Introduction

Nyukani Education Centre Giyani is an independent school offering high quality primary and secondary education with a bias towards science, commerce and ICT streams. Nyukani Education Centre Giyani is a state of the art school with world-class educational facilities such as science laboratories, sporting and cultural facilities. Nyukani Education Centre Giyani uses technology and digital e-learning tools such as tablets in the delivery of education. Nyukani Education Centre Giyani is located between Giyani Section A and Giyani 14B, Greater Giyani Municipality, Mopani District, Limpopo Province, South Africa, and opened its doors in January 2016.

The chairman contacted BigChess to assist in the selection of colours and then advice on the installation of the chess boards at the school.

Colour Selection

The school has four houses – Bees, Lions, Foxes and Cheetahs. So the colours were chosen to match up with these.

It was agreed that each set would be chosen to match the house colours as close as practically possible.

So colours chosen were:

Bees – Yellow and Black; Lions – Brown and Ivory; Foxes – Grey and Black; Cheetahs – Milo Green and Black.

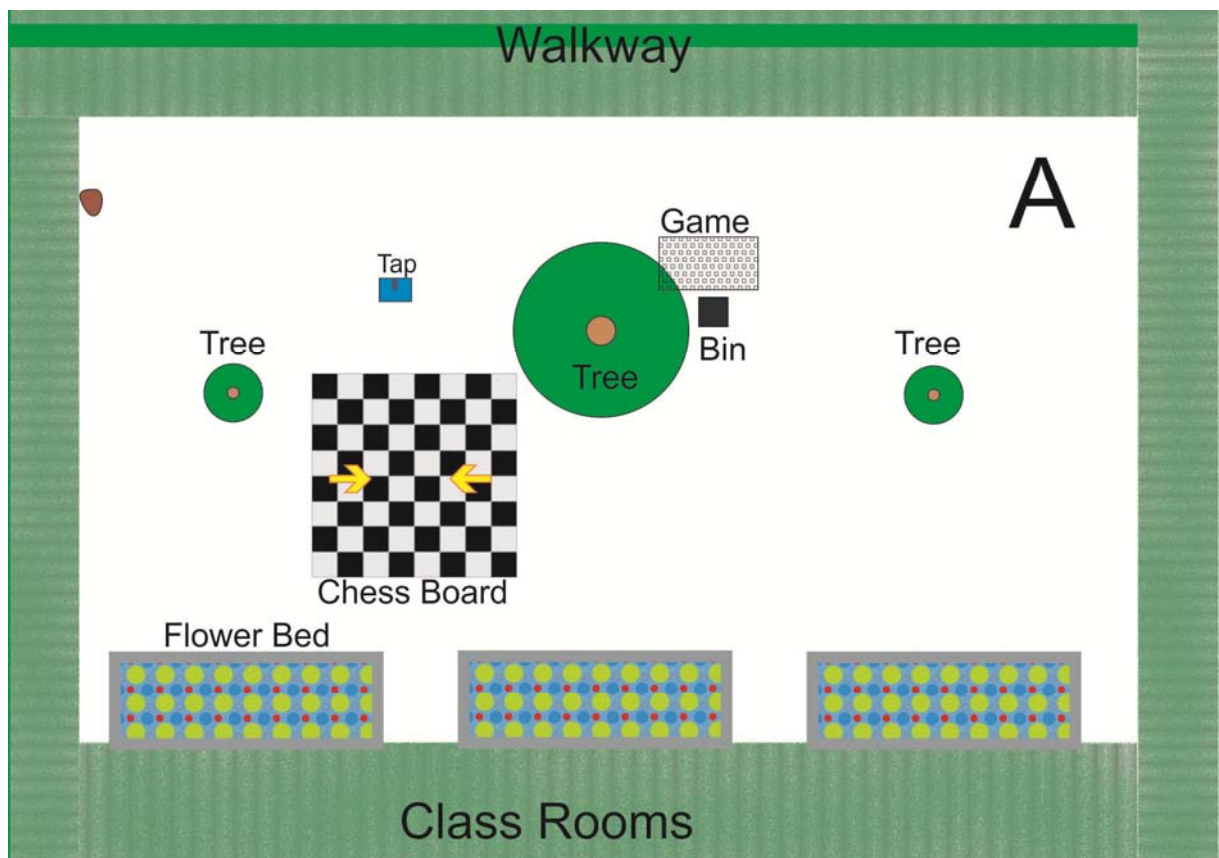

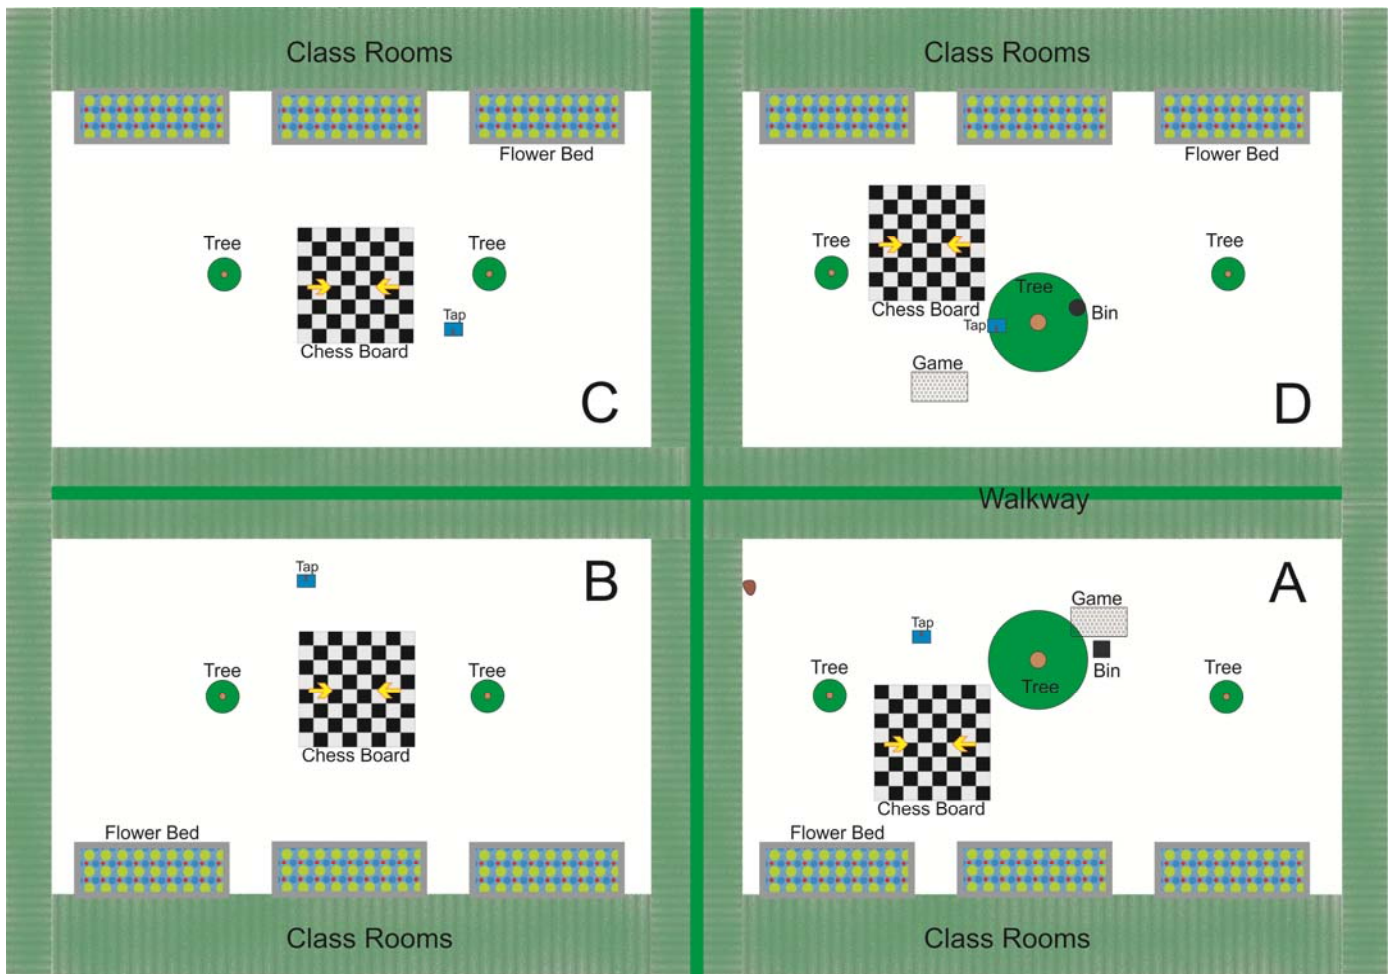

Site Visit

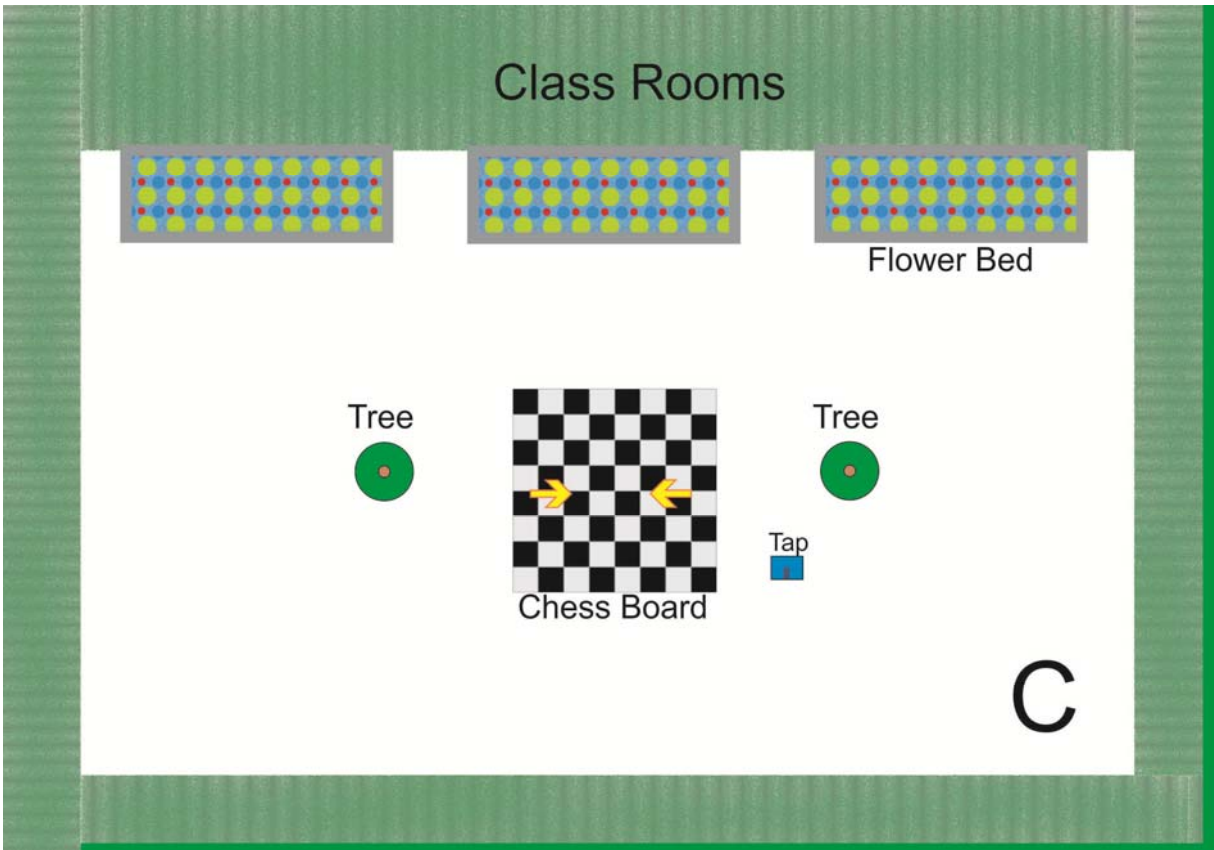

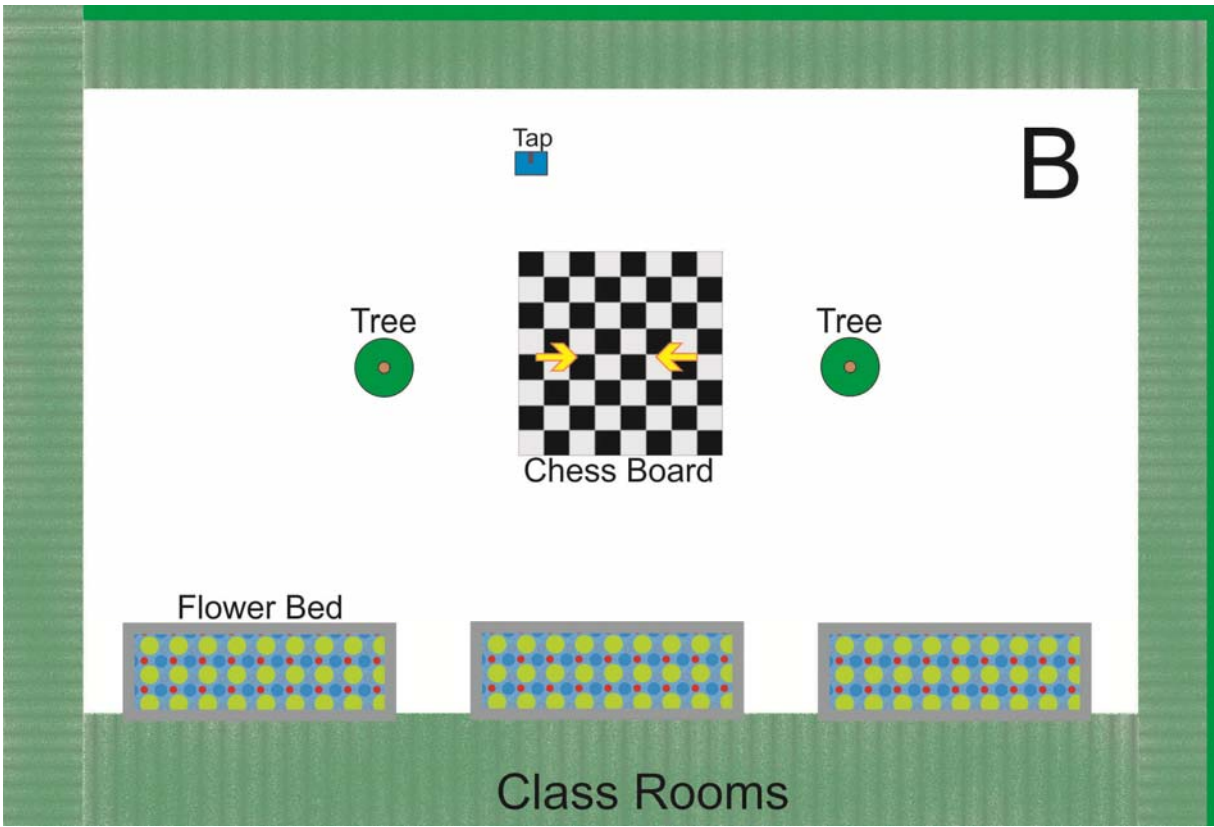

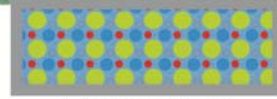

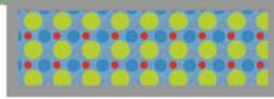

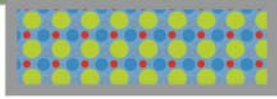

Recommendations

Looking at the general layout, trees, pathways, etc. we suggest the following:

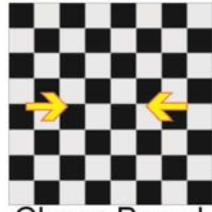

Class Rooms

Flower Bed

Tree

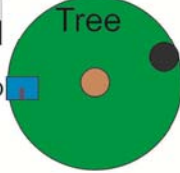

Chess Board

Tap

Tree

Bin

Game

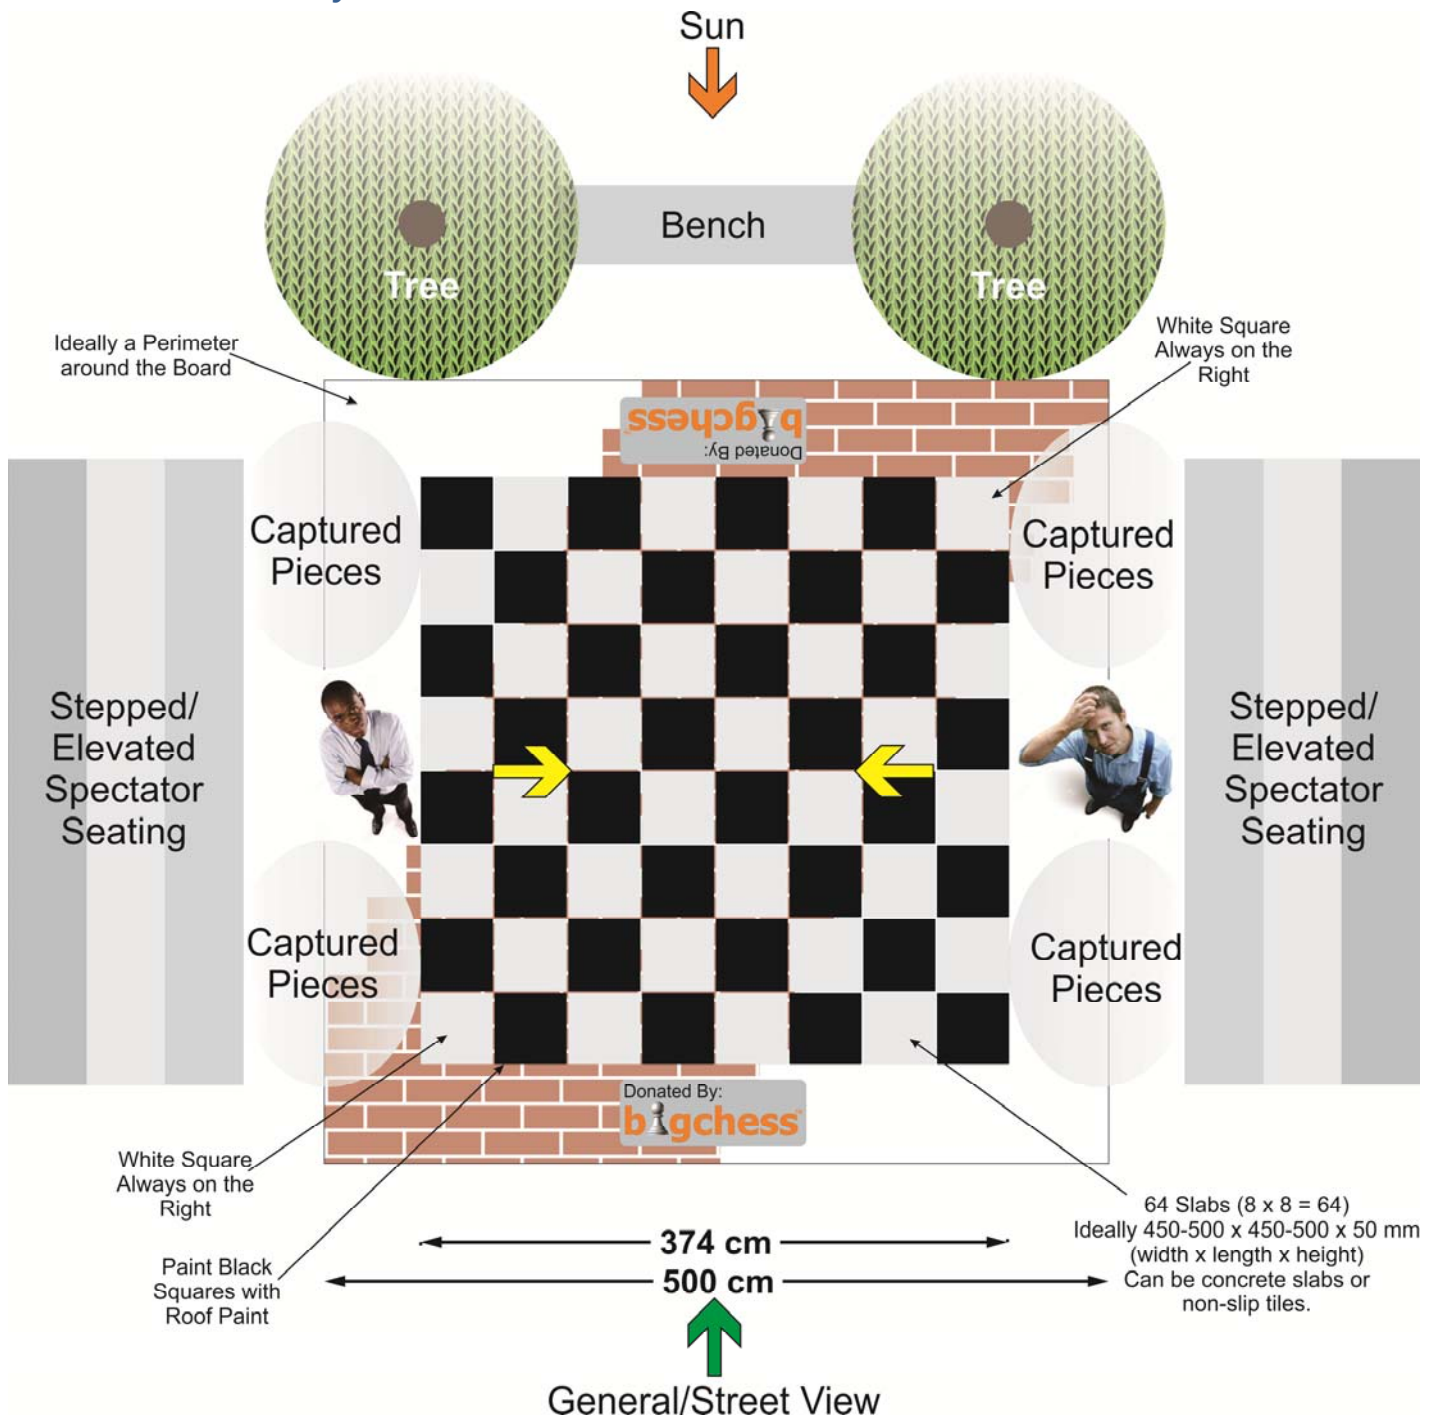

Tree

D

An Ideal Board Layout

Conclusions

We suggest local contractors be used to build the boards and they can follow our board building guide (see the PDF or visit our website and look under Board Options) as well as looking at the two additional documents *Pavingexpert - AJ McCormack.pdf* and *patio_1.pdf*.
