## Japanese Quilting Templates

Print the 3 templates. Glue onto cardboard, cereal packets or similar are ideal, and cut out the templates.

Using template 1, cut 1 in your main fabric. We used beige fabric.

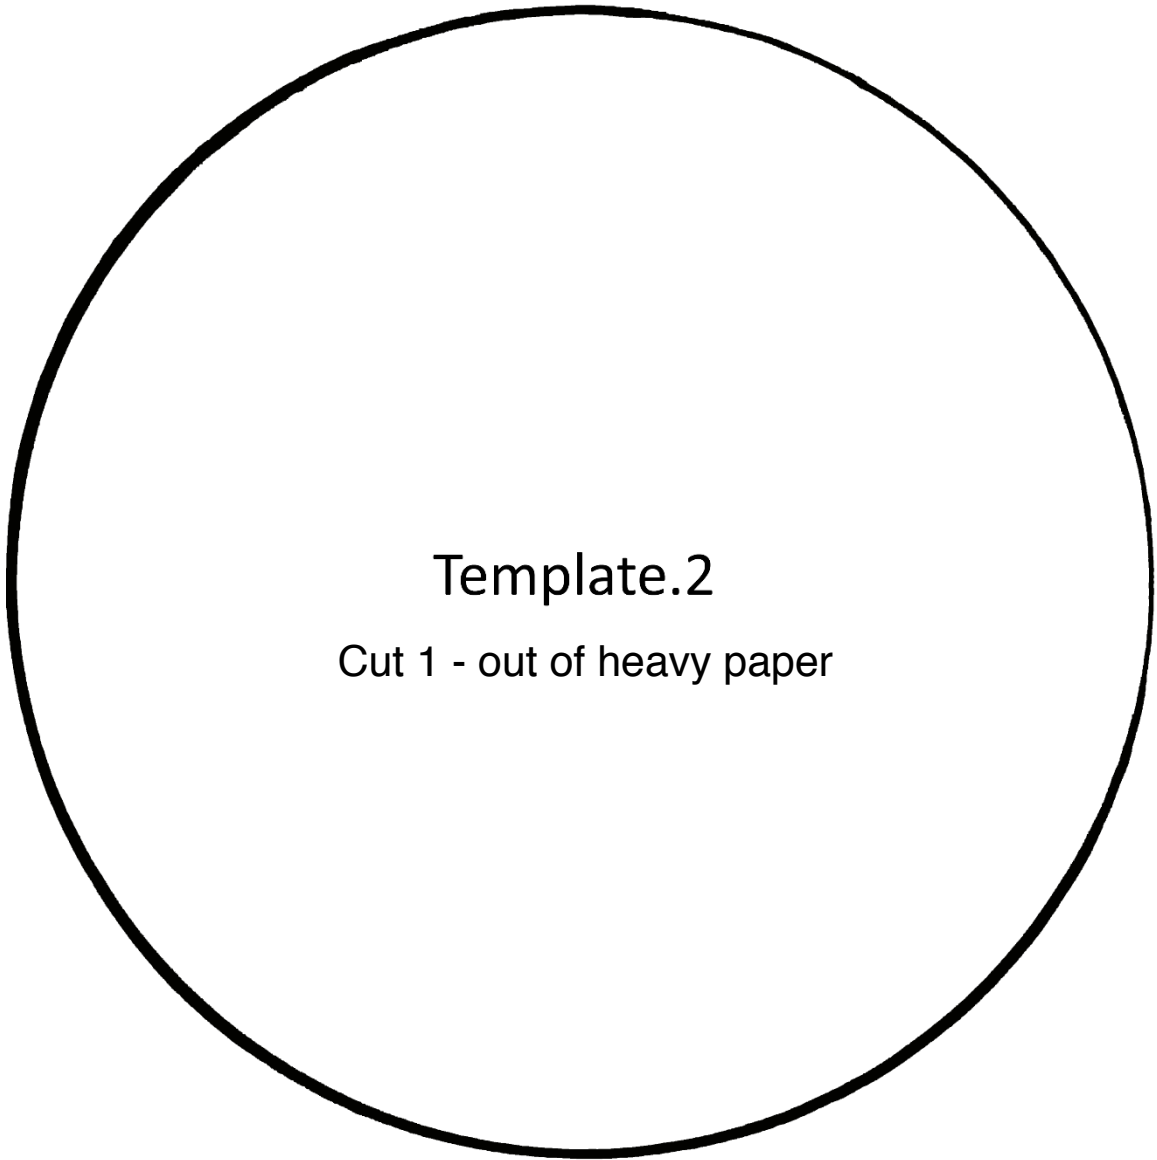

Using template 2, draw around some heavy weight paper, the outside cover of a glossy magazine or old wallpaper work well, cut 1.

Using template 3, cut 1 in your contrasting fabric, we used orange fabric for this.

Finally, use template 3 to cut 1 piece out of wadding for your patchwork – an old fleece, jumper or blanket are ideal.
