To install the Netflix Party Browser Extension:

- [Follow this link](#)
- Click 'Add to Chrome' this will add the extension to your browser!

TO USE NETFLIX PARTY:

- Follow the link provided by the host
- when the page opens, click the NP icon in your browser which will have highlighted red.
- Click this once! and click away from any other popups you get at this point - if it asks you to 'start the party' just click off it.
- At this point, you will have seen the group chat appear and we can all watch the film together!
- The host will have control over the pause and play but you can add subtitles for yourself as you wish
