

DIY PAPER TUBE ROCKET

YOU WILL NEED:

- Tape
- Scissors
- Glue
- Paper Tube
- Colouring Pencils

INSTRUCTIONS

- 1) Colour in the pieces of your rocket
- 2) Carefully cut out all outer edges
- 3) Wrap rocket body around tube & glue or tape in place
- 4) Glue side wings & porthole onto body. You can add your own picture in the window or draw an astronaut!
- 5) Create cone shape as shown for nose of rocket. Overlap the edges & secure with tape
- 6) Place glue around the edge of the tube & on the inside of the rocket. Stick together to secure
- 7) Use tape to secure flames to the bottom front of the rocket
- 8) Add stickers or more decorations to finish!
