

Consultation feedback form

- You can choose to respond in as much or as little detail as you wish.
- You will need to have looked through the draft plan before you complete this form.
- At the bottom of this page is a space for any general feedback you may have on the plan, Strategic Environmental Assessment (SEA) and Habitat Regulations Assessment (HRA).
- On the next page you'll be asked how much you disagree or agree with each policy. You do not have to respond for all of the policies if you do not want to.
- You can then respond in detail by entering a policy number and your comments. We've not included space to comment on all 21 of the plan's policies to avoid wasting paper. If you wish to comment on more policies, please ask for extra sheets if you're in Penryn Library, print extra feedback pages out at home or you may also just use plain paper.
- At the end are a couple of questions to help us measure how representative feedback is.
