

Kits

<i>Product</i>	<i>Part #</i>	<i>Pump Required</i>
5 ft. kit	WWTCKT5	1 GPM +
10 ft. kit	WWTCKT10	1.8 GPM +
20 ft. kit	WWTCKT20	3 GPM +
30 ft. kit	WWTCKT30	3 GPM +

Our kits give customers the ability to adapt to their specific boom. Each kit includes all the plumbing necessary to get your weed wiper in the field. You will need to provide the tank, pump and boom to mount the T-risers to your boom with our metal clamps.

Self-Propelled Sprayer Kits

<i>Product</i>	<i>Part #</i>
60 ft. kit	WWTCKT60-SP
90 ft. kit	WWTCKT90-SP

- Plug right into your nozzle bodies.
- Our nozzle caps adapt to TeeJet and Hypro nozzle bodies.
- Includes brackets and hardware for 2" booms and can easily adapt onto booms up to 5".

*Custom models can be made for boom sizes 5-120 ft.

ATV/Front Bucket Models

<i>Product</i>	<i>Part #</i>	<i>Pump Required</i>	<i>Wings?</i>
5 ft. model	WWTCATV5	1 GPM +	No
10 ft. model	WWTCATV10	1.8 GPM +	No
15 ft. model	WWTCATV15	3 GPM +	Yes
20 ft. model	WWTCATV20	3 GPM +	Yes

You can mount this model to the front or back of your ATV/UTV. You also have the option of mounting to your Front Bucket. This kit does not include the tank and pump necessary to run your weed wiper.

Pull-Type Models

<i>Product</i>	<i>Part #</i>	<i>Wings?</i>
10 ft. model	WWWW10-P	No
15 ft. model	WWWW15-P	Yes
20 ft. model	WWWW20-P	Yes
30 ft. model	WWWW30-P	Yes
40 ft. model	WWWW40-P	Yes

Our pull type models are manufactured with our U-joints that are designed to contour to your terrain. These models include a tank and pump to feed your sponge sections.
