

Dear Members

What a year this has been. We will never forget 2020 that's for sure. Now the autumn and winter is before us and the end of the Covid-19 pandemic is nowhere in sight. Since the restrictions in meeting change on an almost weekly basis. The committee have reluctantly taken the decision to suspend our club gatherings until it is once again safe for us to meet. Let us hope that next spring brings better times. In order to keep in touch, we are still going to produce our monthly newsletter, and where possible repeat the successful 'online' talks. On a personal level I would like to thank the club committee for all of their hard work during these trying times. Also, you, the membership, who are amongst the nicest bunch of people I have had the pleasure of meeting. To end on a positive note none of our members have been stricken with this dreadful virus, which is the most important thing. I look forward to next year when the roar of engines large and small once more fills the air.

Everyone stay safe

John O
