## **COVID-19 (CORONAVIRUS) - UPDATE FROM WENLO RDA TRUSTEES**

To all our riders, volunteers and supporters:

1 March 2021

### **COMING OUT OF LOCKDOWN**

The UK Government recently announced its roadmap for coming out of lockdown. The government has said outdoor sports facilities will be allowed to reopen from 29 March, when people will be able to take part in formally organised outdoor sports and the 'stay at home' rule will end.

We are still waiting for full guidance from RDA UK, but we hope that we will be able to restart RDA activities before too much longer.

Social distancing requirements are likely to stay in place at least for a while, but we will do our best to welcome riders back as soon as it is possible to do so in line with the government guidelines and guidance from RDA UK.

Riding centres and stables can remain open for the care and exercise of horses during this period to protect animal welfare. Staff and RDA volunteers can travel in this case, as this is classed as essential. If you are coming to the yard as a Wenlo volunteer to help with horse care, please make sure you abide by the COVID-19 measures that are already in place. Do not come to the yard if you think you may have COVID-19 or are experiencing symptoms.

**Please contact Dawn on 07860 245675 if you have further questions.**

Wenlo was one of the first RDA groups in the East Midlands to be given permission to resume activities after the first national lockdown, thanks to the hard work and dedication of Dawn and Team Wenlo in making Bowleys Barn Farm a COVID-secure environment. We will continue to do our best to make sure that we can offer RDA activities to you again as soon as we can.
