

## **Kenn Centre Update– January 2014**

Our brand new PA system has been installed and is ready for use. The system has the capability to play CD's and MP3's as well as using wireless microphones. The system is only available by prior agreement.

The Centre's Management Committee is now looking at the vexed question of storage. The wooden hut, used by the Tots Group, is no longer fit for purpose and the internal store is extremely crowded. The Committee has agreed a scheme to build a new, brick built, store. In order to prevent the loss of any car park spaces, the existing brick built store will undergo an alteration to its access point.

Planning permission has already been obtained and we are now in the process of seeking a source of grant aided funding.

We are still looking for a replacement for our excellent Treasurer, Elizabeth Harman, who will be leaving, to pursue other interests, at the next AGM. If anyone is interested in joining the Committee as Treasurer, the vacancy arises next May and we'd like to find someone soon so that he or she can have a few months working with Elizabeth. There is an honorarium that goes with the post.

Anyone who is interested can speak to me, on 833603, or catch Howard in the shop. Either of us will be happy to discuss the post.

Full details of the Management Committee meetings are available on the Centre's web-site and the Kenn and Kennford web-site. Remember, the Management Committee runs the Centre on your behalf so, if you have a view on how this is being done, don't hesitate to contact us, via the Centre.

**Peter Vickery, Chairman, Kenn Centre Management Committee**
