

Studio Policies

We have policies that have been established to help us run our studio in an efficient and consistent manner. You should be sure to make yourself familiar with these policies to be sure that you have a memorable and unforgettable experience.

Sessions

Please be courteous and not be late to your photo session. It is not uncommon for us to have other clients with appointment times right before or right after yours. If possible, please try to arrive ten minutes before your scheduled time. This will allow for you to get comfortable so that your session will be the best it can be. In the event that you are late will make the best of the time we have left during your scheduled time.

We do not permit clients to take their own photos during the session. Our sets are bespoke and have taken a long time to design, we do not offer studio hire to other photographers.

Cancellation and Rescheduling

If you need to reschedule or even cancel your session, we require at least two business days' notice. We consider the deadline at 5:00 pm on the second business day before the shoot. If the cancellation or reschedule is completed prior to this cut off time it is eligible for a full refund of the session fee.

Viewing The Images From The Session

In order for you to view your photographs you will need to schedule a reveal appointment. The reason why you need to schedule an appointment is so that you can view your images and make the decisions on which to purchase. For this reason, it is important to bring all people who will be helping you make this decision. We will have trained consultants on hand to help guide you through the process and help you make your decisions and answer any questions you may have. All of your order decisions should be made during this time. A 24-hour advance notice is required to cancel or reschedule a review session. The reason behind this is because the review must be prepared in advance by our staff.

Archives Of Images

We will keep all of the image files in our systems for ninety days. This should give you plenty of time to view, make your decisions and complete your purchases. There may be times when images are stored longer than ninety days but this is not a guarantee. It is recommended that you plan on making all of your selections and purchases at your scheduled review session.

Hours Of Our Studio
