

MOBpeople Explorer

MOBpeople was founded in 2008 by Antonio Catarino and his team. Located in Coimbra, Portugal, MOBpeople has developed a broad of products portfolio as a result of it's constant search for niche markets.

Since it's UK launch with BASE in 2014, MOBpeople has seen continual growth and has established itself as the practical, innovative answer to certain parts of the UK coach market. Specialising in the production and repair of coaches and buses, the MOBpeople management team offers many years of experience, allowing them to provide you with a unique product and excellent service.
