

¹February Club Trial Plaistow

The weather being as bad as it has made this a tricky trial to lay out, Tim and I erred on the cautious side but it soon turned to a mud bath after a couple of laps. Entry for this event was poor possibly because everyone knows how bad it can be when wet or down to it being half term. Those who rode said they enjoyed the trial even though they had lost a lot of marks.

I would like to give Ella Cashman and Lucy Hopper a mention as 2 young riders who rode very well to start with but as conditions deteriorated they both struggled on only to retire on the last lap, well done girls a good effort on your part in very slippery conditions.
