

## January 2020 Club Trial Kirdford

It's good to be back, Tim and I laid out this trial on our smallest and flattest piece of land which has now got smaller due to a new lake. As it is always wet here it is quite easy to make sections on the low banks on the edge of the wood, so 8 slippery sections were waiting for our riders. The entry was rather low for the event but the competition was close in all classes.
