

June 2019 Club Trial Rudgwick

Prime conditions and lack of riders sum up this trial, the conditions were perfect after all the rain with lots of grip on the steep banks, with no experts Adam rode the white route instead of the blue route with a loss of 58 which was a very good effort. Gerald and Tim on the 0/40 blue were very close all day with Gerald the victor at the end. Steve was the only red rider to finish with a loss of 12, well done.
