

## May 2019 Club Trial Kingsfold

This trial was run a week early due to the availability of the land. The sections were laid out on the banks and in the stream that runs through this woodland. Conditions were very dry on the banks but there was enough water in the stream to make things interesting. In the expert class things were very close with Andy coming out on top by 1 mark, inter blue another close contest with Neil and Paul both on 13 marks, Bob took top spot in the clubman red class with a loss of 6, both s/boy red and yellow routes were close as well. Some riders found the blue route too hard; it is very difficult to cater for all abilities in each class but sometimes we fail, hopefully we will learn from it.
