

New Year's Day Trial 2020

I always look forward to this trial a new year and a new season which has started off well with 29 riders on the day, Jerry and Son Ryan laid out 8 sections which everyone seemed to enjoy. As I no longer ride I get a lot of pleasure from watching riders develop their skills over time especially the younger ones, the difference in their confidence and ability over a year is incredible, another thing that comes to mind is where else can you see 3 generations of the same family competing together i.e. the Budgens father Gerald, son Mark and grandchildren Leanne and Scott. Enough of my ramblings back to the trial a good mixed entry in all classes made for a very enjoyable day for all.
