

URBAN LIGHTS

FUSED GLASS ART AND FUNCTIONAL WARE

URBAN LIGHTS

Colour - Colour - Colour!

Cool glass fusion designs, brought to you by CStarDesign.

Revel in the vibrant creations and colours that have a modern fresh take on retro styles and shades in the new **Urban Lights** theme.

Bringing their skills in fine glass work, sisters Cathy and Lisa have developed a complex design that is reflected across the **Urban Lights** range.

Each piece is fused in a kiln up to 810 degrees centigrade to exploit the properties of special **Bullseye** glass.

If you are looking for unique fine designs and individually handmade creations, CStarDesign's new **Urban Lights** range is the glass fusion fine art of choice.
