

## **Colchester Report 12/5/2019**

Change of plan following the appointment of a new Chief Inspector in Colchester. Instead of an NhW Advisory Team we are now looking at me joining the Community Safety Partnership instead.

Members have been very active in Colchester this period reporting scams and suspicious behaviour, most of which have been passed on to all members via Twitter and email. Followers on Twitter now number 300. Even the CC Re-tweets some of my stuff.

No new schemes but some growth nonetheless. Still talking to Colchester United FC about a scheme for supporters. Following up a funding opportunity for a revamp of our Crime Prevention Repository. The repository is free to all to access and not solely the province of Colchester NhW. Access it here -
