

BRAINTREE DISTRICT NEIGHBOURHOOD WATCH REPORT
For ECNWA Wednesday 15th January 2020

Halstead Update

One of our NW Co-ordinators asked me to create a few posters so that he could place them around Halstead and the contact would be him and his Halstead NW email address and I posted to him six posters before Christmas.

Great News re funds

I am delighted to advise that I received £50 from Bulmer Parish Council . Thanks to Tom Dickinson Bulmer NW Co-ordinator who arranged this with the Parish Council. I have sent a letter of thanks.

Amazing news re Essex County Council and Street signs.

The Co-ordinator for Williams Drive , Braintree wanted to erect a few street signs so I gave him the signs and the application form for Essex Highways. They not only approved the signs on the appropriate posts they recommended that more signs should be placed on other posts and said where too!

This is tremendous news and I am was delighted to hear that .

They seem to have changed the office that deals with applications to install the signs as ours bounced back from the one stated on the form you sent. The email address to use now appears to be Highways.Notices@essex.gov.uk

Ridgewell update

I am pleased to inform you that Diane Mason (wife of the late Malcolm Mason, Ridgewell village co-ordinator) and Ridgewell Parish Council have provided space on their new notice board for any Neighbourhood Watch information. This was without any approach by myself and I have thanked them both via the village Facebook page for this excellent support for Neighbourhood Watch.

Braintree District NW Co-ordinators and Braintree Police.

In the past month I have been busy adding names to the list of NW Co-ordinators for Braintree Police.

Each person has not only agreed to have their personal contact details advised to Braintree Police but also the areas they cover. This is in accordance with the Neighbourhood Watch Code of Ethics and also The Data Protection Act amended May 2018.

Clive Stewart, Chairman, Monday 27th January 2020
