BASILDON DISTRICT REPORT FOR COUNTY MEETING 12TH JANUARY 2021

The Covid-19 Tiers and restrictions continue to limit our ability to conduct our usual range of activities but we are still open for business.

We have recently created a 14 road watch area on a new development in our Langdon Hills Ward run by a very active and keen Co-ordinator. This has been a theme of late having fewer but larger watch areas created which seems to be working well.

Our discussions with Essex Highways on a unified county wide system of applying for the siting of our NhW road signs appears to be coming to a resolution and the details of the new procedure are to be placed on the Essex County Council website. We hope that this will result in a timely turnaround of future applications from our various districts.

Clive Woodward

Chair, Basildon Borough Neighbourhood Watch
