

Message in a Bottle Scheme

INFORMATION FOR THE EMERGENCY SERVICES

The "**bottle**" is kept in the **FRIDGE** or **LARDER**, where the Emergency Services will know to look for it, in the event of being called to your home. They will be alerted to participation in the scheme, by the use of two special stickers: One is placed on the inside of the front door, or the main door used for the home, by the door handle. The other is stuck onto the fridge or larder door.
