Apple Pressing Guide 12 noon to 4pm

Freshly pressed apple juice tastes wonderful! Any varieties of eating apples can be used. You can drink the juice on the day, freeze it or pasteurise it in glass bottles at home for use later. Of course you can always have a go at making some homemade cider!

If you would like to **bring your apples** to be pressed for apple juice please remove any mouldy apples, wash any debris or mud off with tap water and slice apples into quarters just before you bring them. **You will need** sterilised containers to take your juice home: empty plastic milk containers are ideal. Max weight per pressing – 11kg apples (approx. 1 to 2 full carrier bags) should yield 5.5 litres juice. Please bring your own rubber gloves for hygiene. Dirty or mouldy apples will not be milled and pressed. Bruised or dented apples are fine. One pressing per person or family. Please label your bags of prepared apples with your name.

The first part will be crushing your apples into small pieces. Then put in the small apple press and turn the handle and watch your fresh juice pour out of the base of the press into a container. At this point you could add your own ascorbic acid (Vitamin C) to reduce dis-colouration; the choice is yours. The juice is then funnelled into your sterilised containers. The press is then cleaned of apple bits known as 'pomice', rinsed and ready for the next pressing. You can take the pressed 'pomice' home if you like to make home-made pectin or a weak form of cider called 'ciderkin'. The pomice may be too acidic for your compost heap.

Please make sure you help prepare all the equipment for the next pressing.

DISCLAIMER

APPLE PRESSING EQUIPMENT USED AT THE EVENT. THE PRESSING OF APPLES IS KEPT SCRUPULOUSLY CLEAN. ONLY SOUND, CLEAN EATING APPLES WILL BE PRESSED. HOWEVER, THE APPLE JUICE PRODUCED USING THIS EQUIPMENT IS NOT PASTEURISED AND WE CANNOT ACCEPT RESPONSIBILITY FOR ANY ILLNESS ARISING FROM DRINKING THIS JUICE. PLEASE MAKE SURE YOU STERILISE YOUR CONTAINERS THOROUGHLY.

Avonwick and North Huish Community Hall Project

In June 2014 the project committee held a public consultation meeting at the Avon Inn to find out if you would like a new community hall. Over 48 people attended the event and the marquee was a buzz of ideas and discussion. Like the popular children's book, *The Hungry Caterpillar* by Eric Carle (the theme running through this booklet), the project is at the consultation 'Egg' stage so there is quite a journey until we reach a beautiful butterfly!

The Apple Pie Fair idea forms part of that journey and was created last year to open up the project's consultation stage to all ages, especially children and young people, whilst being a fun and a seasonal yummy community event!

Due to last year's successful event we hope that you will be able to attend the event this year and will bake some delicious apple pies for the competition together with entering some of the other exciting traditional competitions.

Committee members Paul, Liz, Richard, Lisette, Maureen, Lindsey, Rachel and Tristram would like to say a big thank you to all of you who completed the residents survey. A copy of the completed survey is now available in the marquee and on the community website. We hope you have a brilliant time on this fun day.
