As part of our ongoing social media feed we want to start featuring our students on our Instagram, Facebook and Twitter stories and posts. This is a great way to showcase your/your child's skills and we are happy to tag your account if you like!

We need your consent for your teacher to take footage during lessons. Any footage taken by teachers will not be shared with anyone else apart from with Eximo's owner Maya Wolff to share on social media and will be deleted from their personal devices after the footage has been posted. Any posts that don't disappear naturally (IG/FB stories last 24hrs) can be taken down anytime upon your request.

Please tick the options below:
