## **15<sup>TH</sup> - 19<sup>TH</sup>**

### **NOVEMBER**

#### **2021**

*Aberdeenshire Third Sector Strategy Group are delighted to bring you the second Aberdeenshire Third Sector Week, highlighting the value and diversity of our local Third Sector.*

*2021 has brought a new set of challenges. “Lockdown” and other COVID19 restrictions may have been eased but life for many of our communities has not returned to what it was before March 2020.*

*The response to our call for content this year has reflected these challenges. The mix of those TSOs working hard to get back on track and those who are still not yet ready to start that process of recovery and rebuilding. The result being, a smaller uptake in the opportunity to share their stories, however, we feel it is still important to mark ATSW2021, in recognition of the work we know is being currently undertaken and to continue to promote the value of the Third Sector and the vital part these groups and organisations will play in the road to recovery.*

*This programme aims to capture the essence of the great work undertaken by the Third Sector across Aberdeenshire but by no means is this collection the complete picture!*
