

At Bespoke we design, manufacture and install all types of bespoke timber handrails and staircases.

We specialise in geometrical staircases, wreathed and curved handrails.

We take pride in our quality and service for each client and project we take on.

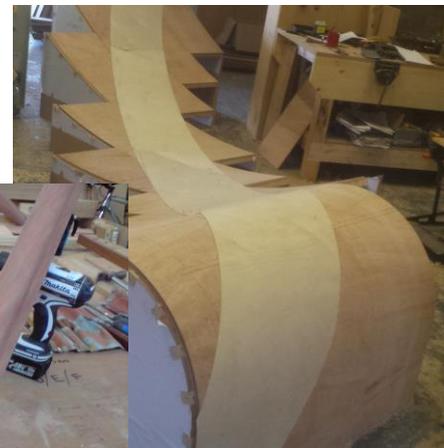

Bespoke Design using 2D/3D CAD

Accurate photorealistic renders and technical drawings provided with necessary dimensions for approval.

Perfect for visualising bespoke designs

Expert Joiners

We are one of only a handful of joiners specialising in the design, set-out and construction of curved and wreathed handrails. We use a combination of traditional methods, CAD, joinery and hand carving to design and produce beautiful handrail solutions. We have over 50 years of experience in building the highest quality geometrical stairs.

Installation and Finishing

Our team is experienced at installing all of our products, we take pride in delivering to deadline

We have a number of finishers who specialise in French polishing, painting, oiling, waxing and lacquer.
