

Stewarding

Thank you for your interest in Stewarding at this year's Festival. Volunteer stewards are a vital part of the Dartmoor Folk Festival's organisation. We warmly welcome new stewards, while welcoming back those people who have been helping out for many years and become real friends of the Festival. Stewarding is a great way to experience the festival, it's good fun, with a mixture of lovely people and you get to be part of the team that puts together a truly memorable event.

We always try to take account of your preferences, but the more flexible you can be the better. Unfortunately we cannot accommodate everyone who wants to be a Steward so contacting us early is a good move.

What we offer

In exchange for your time (**8 hour's approx' over the weekend**) we will provide **one weekend ticket with camping** and all the support you need to do a great job and help our customers have a safe and fun festival! Due to the way the rota works your duties may be split into different amounts per day but the total over the weekend will work out to this.

If you are only able to Steward for one day, then **one 4 hour stint** would be required for **that day's ticket**. All stewards must be 18 years of age or above.

If you want to join our happy band of helpers please click on the link at the bottom of the page and fill out the form (please note you have to do this separately for each Steward Application). Once you have filled this out and it has been submitted, it will go to our stewarding coordinator who will contact you as soon as possible.

What might you do?

In order to run the festival successfully we require a number of volunteer stewards to provide the back-up to the folk festival committee on the days of the festival. The main areas in which we will need help includes:

Site set up, venue doors, checking tickets, giving information, car parking and campsite. The way we try to work as a Festival is that even if you are stewarding you are still part of the events. For example, door stewards are inside the venue rather than outside behind a closed door!

Please spread the word. If you have friends who would like to volunteer then please ask them to fill out the form and join the team.

All Stewards must have a valid e-mail address and contact phone number.

Please view our Terms and Conditions. If you require any more information not covered here. Please email us at enquiries.dartmoorfolk@gmail.com
