Customer update – keeping Covid safe....

With tighter restrictions coming soon, it is more important than ever that we work together to make the Café the safest customer environment we can.

Therefore, just a gentle reminder of how you can help us to achieve this;

- Table bookings – it is advisable with limited seating that customers book, as we will not be able to have customers queuing for tables in the café and with colder weather coming, waiting outside is not a great option! Email us on themiltonlarder@outlook.com by messenger, Facebook, or call the café on 01934 709545 for availability.
- Takeaway orders – please help us by calling, emailing, or messaging ahead as above, and we will do our best to have orders ready at the time you wish. We can take payment over the phone, or remotely at the door upon collection to reduce waiting in the café area. If you do not pre-order, there are takeaway menus outside the door of the café, but please be advised that if the café is at full capacity, you will need to wait outside for food to be prepared.
- Takeaway collections – PLEASE wear a mask if you are entering the café to collect, and hand sanitise using the pump on the way in.

Our takeaway menus can be found on our website;

www.themiltonlarder.co.uk

Many thanks and Stay safe!!!

The Larder Team
