

# MELT & POUR

CRYSTAL OS - OATMEAL & SHEA BUTTER

THE IDEAL STARTING POINT FOR CREATING HANDMADE SOAPS, CREATE A WIDE RANGE OF BEAUTIFUL PRODUCTS. SIMPLY COMBINE COLOUR AND FRAGRANCE TO TAILOR YOUR SOAPS.

Vegetable derived melt and pour soap base. **Crystal OS** is made using Natural Oatmeal and nourishing Shea Butter this soap base is used for the manufacture of opaque Solid soap bars, with suspended exfoliating Oatmeal. Well known for its soothing, emollient properties, Shea Butter is increasingly popular as an ingredient owing to its superior skincare properties.

Crystal soap bases are ideal for manufacturers, brands and home hobbyists. Simply Melt, Mix, Pour, Create.

- > Made using natural She Butter
- > Vegetable Based
- > Natural Exfoliating
- > Anti-Inflammatory
- > Helps remove ded skin cells
- > Helps ease acne, eczema, rosacea and rashes
- > Suspending formulation
- > Enriched with Natural Shea Butter
- > High in Vitamin E, D & Provitamin A
- > Fantastic Skin Feel
- > Low Colour
- > High Foaming
- > Excellent Skin Feel – High Glycerin
- > Contains natural Oatmeal

MADE IN ENGLAND

## GUIDE RECIPE

Here we show you how to create a simple **Crystal OS** Soap Bar.

---

To create your very own set of hand made glycerin soap bars, here is what you'll need:

- > **Crystal OS** - Slice into meltable chunks
- > Fragrance if you wish
- > Add dried Botanicals if you wish
- > A soap mould and slicer
- > Microwave / Double boiler

**Open/Cut** - Open the packaging. We used the new 500G microwavable pack, super easy and clean to use. If the base comes in either a tray or 1KG box cut in to a meltable sizes.

**Melt** - if you have the microwavable packaging just place the tub directly in the microwave and begin the melting process. If you have an 11.5KG block or tray, remove and cut the soap up and place in a microwave safe container.

**Mix** - add your fragrance oil and stir well ensuring the fragrance is evenly distributed throughout the soap base.

**Pour** - Working quickly, pour your base into your soap mould and add your dried botanicals. Gently press them into the top of the soap.

**Create** - From there, all that is left to do is let the soap fully set and then slice your loaf into soap bars. I used a crinkle cutter to do this – We love the look it gives!
