Legend:

 [2] DMC-798 ANC-147 delft blue - dk (0.1 skeins)  [2] DMC-169 ANC-1040 pewter - lt (0.1 skeins)

Thank you for purchasing an original Capes and Crafts geeky pattern! This pattern is perfect for all abilities, from beginners to stitching veterans.

Please be aware that in this pattern DMC-xxx refers to the colour codes for DMC branded floss, and ANC-xxx refers to Anchor brand floss (where xxx is a number.) The number in square brackets next to the floss colour in the legend is the number of strands to use for each particular stitch. For more information on how to read and use our patterns, please go to our website www.capesandcrafts.co.uk and have a look at our tutorials section.

Our top stitchy tip: be sure to have clean hands when you stitch and avoid oily moisturisers - there's nothing worse than grubby needlework! Also, your finished work will look best if all your crosses lean the same way. You will need a tapestry needle with a blunt tip and a large eye. We use size 24 needles for most aida and a sharp embroidery needle for backstitches and French knots.

Remember to find the middle of your fabric before you begin! We recommend folding it gently into quarters, just to make sure everything is nice and centred. Don't crease it too vigorously though as the creases will be hard to remove completely, no matter how much steam you use in your iron! The centre of this pattern is marked by black arrows along the margins to help you out.

When you are finished stitching, place the work face down on a clean white towel on an ironing board, and press with a medium iron on the back to remove any wrinkles, before framing. This pattern is designed to be framed in a five inch embroidery hoop when stitched on 14 count aida, but you can use any size or type of frame you like.

Please do not sell any works you create with this pattern or redistribute this pattern without consent.

And last, but not least, have fun! Capes and Crafts geeky patterns are designed for contemporary, ever-so-slightly nerdy stitchers, and we want you to have a blast while you work!

Want this pattern with just symbols and no colours? Or over fewer pages, or more pages? Just get in touch and we'll sort you out! You can email us at emma@capesandcrafts.co.uk
